Brief Story of Bhagwan Shree Rama

King Dasharatha ruled with wisdom and justice in the ancient kingdom of Ayodhya, yet he faced the sorrow of childlessness despite having three queens—Kausalya, Kaikeyi, and Sumitra. Following the counsel of Sage Vashishta, Dasharatha conducted the Putrakameshti Yajna, a ritual for progeny, under the guidance of Shringi Rishi, an expert in Yajur Veda. Blessed with divine pudding after the Yajna's successful completion, Dasharatha's queens conceived, bringing joy to the palace. Kausalya gave birth to Rama, Kaikeyi to Bharata, and Sumitra to twins Lakshmana and Shatrughna.

The brothers, especially Rama and Lakshmana, forged an unbreakable bond as they grew up. In their adolescence, Sage Vishwamitra arrived at Ayodhya, seeking Dasharatha's aid against the demoness Tataka terrorizing his hermitage. Despite initial hesitation, Dasharatha, driven by his commitment to righteousness (Dharma), agreed to send Rama and Lakshmana with Vishwamitra.

Rama and Lakshmana accompanied Vishwamitra into the dense forests, where they encountered various demons and challenges. Rama, displaying exceptional prowess, skilfully protected the sage and his hermitage. Impressed, Vishwamitra revealed Rama's divine nature as an incarnation of Lord Vishnu, destined to destroy the demon king Ravana.

Upon successfully aiding Vishwamitra, the brothers returned to Ayodhya, where Rama's reputation as a brave warrior spread. Meanwhile, King Janaka of Mithila announced a Swayamvara (a ceremony where a princess chooses her husband) for his daughter, Sita. The challenge was to string the divine bow of Lord Shiva, an impossible task for ordinary mortals. Vishwamitra suggested Rama attempt it. Accompanied by Lakshmana, Rama reached Mithila and effortlessly strung and broke the bow, winning Sita's hand in

marriage. The marriage ceremony, marked by joy and celebration, united Rama and Sita, along with Lakshmana and Urmila.

Upon their return to Ayodhya, Dasharatha decided to crown Rama as his successor. However, Kaikeyi, influenced by her maid Manthara, reminded Dasharatha of a long-ago promise to grant her two boons. She demanded that Rama be sent into exile for fourteen years and that Bharata be crowned king.

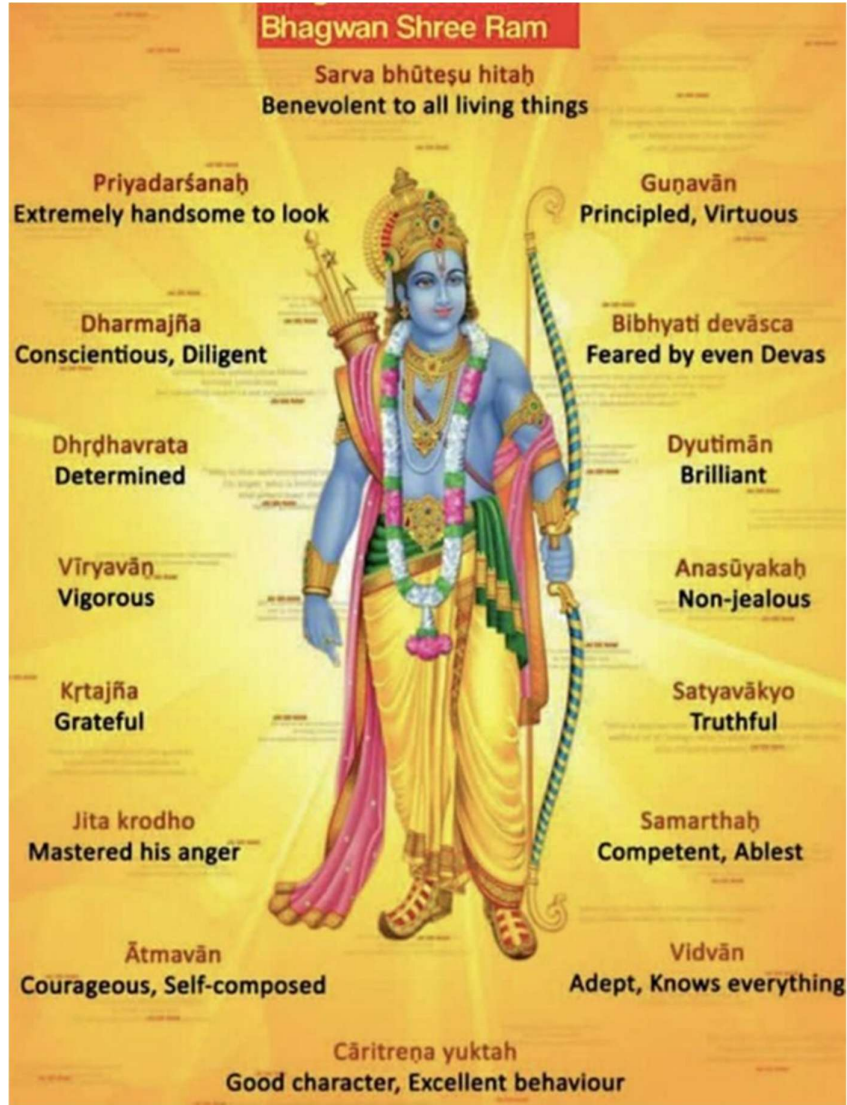

Devastated by the prospect of separation from Rama, Dasharatha, bound by his word, reluctantly agreed. Rama, displaying unwavering devotion and adherence to Dharma, willingly accepted the exile to the forest. Sita and Lakshmana insisted on accompanying him, and the trio left Ayodhya, leaving the kingdom in sorrow. The forest exile became a period of profound learning and spiritual growth for Rama, Sita, and Lakshmana. Meanwhile, Bharata, unaware of the circumstances, returned to Ayodhya to find his beloved brother gone and his father no more.

Bharata, deeply distressed, refused to accept the throne and set out to bring Rama back. However, Rama, committed to honoring his father's word, insisted that Bharata rule Ayodhya and placed his sandals on the throne to symbolize his presence.

While in exile, Sita was abducted by the demon king Ravana, who lured her away in the guise of a deer. To rescue his beloved wife Sita, Rama allied with Hanuman and the monkey army. The epic battle between Rama and Ravana unfolded, culminating in Rama's victory and the rescue of Sita.

Rama's victory was a triumph of the Dharma over the Adharma (righteousness over unrighteousness), establishing him as a Maryada-Purushottam (a man of unwavering virtue). After the fourteen-year exile, Rama, Sita, and Lakshmana returned to Ayodhya, where Rama ascended the throne as the righteous king.
